

1651 Alhambra Boulevard
Sacramento, CA 95816

Providing information technology services to
California Health and Human Services Agency Departments

JOB OPPORTUNITY

Gray Davis,
Governor

CLASSIFICATION: Staff Information Systems Analyst (Specialist)

POSITION LOCATION: Health and Human Services Agency Data Center (HHSDC)
Interim Statewide Automated Welfare System (ISAWS)
8810 Cal Center Drive
Sacramento, CA. 95826

SALARY: \$4,507 - \$5,480

Duties/Responsibilities:

Under the general supervision of a Data Processing Manager I of the ISAWS System Support (ISS) organization, the Staff Information Systems Analyst (SISA) (Specialist), also known as the Remedy Support Specialist, is responsible for independently initiating, overseeing, and delivering system changes for all ISS organization Remedy applications. In addition, the Remedy Support Specialist is responsible for providing production support for Remedy applications used by the system users in the 35 ISAWS Consortium counties. The individual must independently analyze user requirements to ensure effective implementation, maintenance and ongoing operation of the ISAWS Remedy applications. The incumbent must develop requirements documents, test plans, and change summaries necessary to support the application maintenance of the ISAWS Remedy applications. The SISA monitors assigned project activities to ensure application software changes are developed, tested, implemented timely, and that internal and external stakeholders are notified. The SISA performs analysis of the most complex and sensitive issues. The Remedy Support Specialist efficiently and effectively evaluates and resolves the more complex application and process issues and acts as a liaison with all stakeholders and users of the ISAWS Remedy applications. The Remedy Support Specialist acts as project lead for development and implementation of high profile ISAWS Remedy applications. The Remedy Support Specialist acts as back-up to the supervisor as necessary. The Remedy Support Specialist will conduct business in a professional manner leading to exemplary customer service.

Desirable Qualifications:

- Understand the importance of good customer service and the necessity of effective communication to meet customer's business needs.
- Experience with using the Remedy development tools.
- Experience with using the Crystal Reports design tools.
